ABOUT ME

I am a team player who is committed to learning, excellence, ethics and people, also an excellent communicator with great interest in technology innovations, programming languages and skills, and passion for community service and positive changes.

Teamwork:

- I am able to strongly work collaboratively with colleagues to achieve organizational goals
- I highly respect other people's opinions and views on various topics
- I highly rank team agenda before my personal agenda.
- I support and acts in accordance with final group decision, even when such decisions may not entirely reflect my own position.

Communication:

- I am able to speak and write in both English and Kiswahili fluently.
- I do highly rank other people's opinions and as a result, I listen and correctly interprets messages from them and respond appropriately.
- I do ask questions for clarifications and exhibits interest in having two-way communication.
- Openness in sharing information with my colleagues and keeping them informed is also my competence.

CAREER OBJECTIVES

To develop my skills in an organization or institution that offers both challenges as well as opportunity for personal initiative and career advancement, leading up to a position of responsibility as a result of giving service to the society with remarkable performance.

GOALS

My immediate goal is to interact fully and work with the large society, growth oriented organization or institution dealing with people from all walks of life and eventually leaving a more efficient organization and united people.
